## Microsoft® PowerPoint® for Office 365™ : Part 1

### About This Course:

Today's audiences are tech savvy, accustomed to high-impact multimedia content, and stretched for time. By learning how to use the vast array of features and functionality contained within PowerPoint, you will gain the ability to organize your

content, enhance it with high-impact visuals, and deliver it with a punch. In this course, you will use PowerPoint to begin creating engaging, dynamic multimedia presentations.

## **Course Objectives:**

- Identify and navigate the basic features and functions of Microsoft PowerPoint 2019
- Develop and organize a complete PowerPoint presentation from scratch
- Perform advanced text editing to enhance clarity and visual appeal
- Insert and manage graphical elements such as images, shapes, and icons
- Format graphical elements to create visually engaging slides
- Prepare and fine-tune the presentation for effective delivery

## **Audience:**

- Beginners who are new to Microsoft PowerPoint and want to learn the essentials
- Professionals who need to create and deliver presentations as part of their role

## **Prerequisites:**

- To ensure your success in this course, you should have end-user skills with any current version of Windows®, including being able to start programs, switch between programs, locate saved files, close programs, and access websites using a web browser
