Negotiation Skills

About This Course:

Did you know that negotiation skills can impact up to 60% of business outcomes? Whether you're closing a deal, securing resources, or resolving conflicts, the ability to negotiate effectively is a game-changer. Strong negotiation skills don't just help you win—they help you create win-win solutions that foster long-term success.

Course Objectives:

- Build the skills necessary for successful negotiation
- Identify key negotiation concepts and strategies
- Learn the key elements in preparing for negotiation to help ensure success
- Develop a BATNA (Best Alternative to a Negotiated Agreement) before starting negotiation
- Analyze what we bring to the negotiation table that could get in the way of successful negotiation
- Prepare options to get to a shared agreement
- Plan for and practice negotiating in a safe environment

Audience:

- This course is ideal for professionals at all levels who need to improve their negotiating skills in the workplace. Participants will have the opportunity to apply concepts to real-life situations and practice negotiating in a supportive environment.

Prerequisites:

- There are no formal prerequisites for this course. It is designed for individuals seeking to enhance their negotiation skills, regardless of prior experience.
